4. How will this meeting help you in your day-to-day work?

"Improved knowledge about testing modalities i.e how, who and where to test, how to offer testing etc. As well as managing pregnant women with HIV"

"I think I would be more aware of the issues discussed, also more open to them and I don't think I will refuse treatment of HIV and Hepatitis infected patients on grounds of the infection"

"I will treat the patients with HIV, Hep B, C as all patients"

"I am surprised how many facts about HIV, HCV I have learnt in two days from doctors who work hard a longtime , as an easy way. This was my first instructional course about this big problem"

"It will help me to update about some issues, proper counseling of patients and suggesting to do routine tests (HIV) and pregnancy"

"Increased knowledge in HIV patients & surgery. Less afraid to treat HIV patients. Instruct the other staff"

5. What is your overall assessment of the meeting? *Average 4.44*
