WORKSHOPS:

AVERAGE
4.5

- “ Interactive, useful topics, critical skills programme handcut like in poster workshops, handcut for checklist.
- “ Poster presentations.
- “ I have ‘imposter syndrome’ so Stuart Flanagan was very helpful.
- “ More workshop using HIV related examples. I wish there was a bit of variation from this topic as I don’t have a very strong infectious disease background.
- “ Colette Smith
- “ Manolis helped make statistics a little less frightening. Colette was wonderful in her explanation and examples. Mike’s workshops were easy to comprehend and very refreshing.
- “ Absolutely loved statistics for non-tacticians, very useful.
- “ I really liked the speaker Colette
- “ Sophie Jose’s work shop was amazing. She really broke everything down and took us on a research proposal journey. This was probably the most dry subject but she made it so engaging. Absolutely fabulous. Thank you.

CASE PRESENTATIONS:

AVERAGE
4.6

- “ Perhaps adding more practical research examples would be helpful. For example, what went well and what didn’t when different studies were done.
- “ Sophie & Colette succeed to explain to me basic statistics and type of trials and how all that works for real.
- “ All were great for different reasons.
- “ Great case presentations
- “ Sophie Jose had a good case presentation
