1. What were your expectations of the meeting?

5 Very effective/Excellent — 1 Not effective/Poor

AVERAGE

4.4

2. How well did the meeting meet your expectations?

5 Well exceeded expectations — 1 Did not meet expectations

AVERAGE

4.8

3. How would you rate the effectiveness of the following sessions?

5 Very effective — 1 Not effective

Please let us know which speakers you found helpful, which less so, and any additional subjects we should have covered

LECTURES:

AVERAGE

4.8

- “ The most interesting presentations with a lot of useful information, a lot of information to take home was introduced by Dan Borlase. The information was concrete and clear. Thank you!
- “ Very clearly given information, open forum of discussion, questions answered. Thank you for the conference.
- “ I truly enjoyed the presentations of Emily Mabonga and Dan Borlase. The information that was given was clear, it helped to enhance the knowledge in management of the patients infected with HIV.
- “ All lecturers were helpful, especially “HIV Pregnancy & Women’s Health” & “Multidisciplinary Approach to HIV OBG”
- “ I would say that all the lectures were good (Mike, Dan, Emily, Thembi). I learnt a lot of new things because you have more experience, more cases, better staff for HIV infected people. I now have better HIV/Hepatitis organisation.
- “ The best speaker was Dan Borlase. The information was concentrated and all presentations brings very good guidelines for treatment & diagnosing.

WORKSHOPS:

AVERAGE

4.5

- “ All the presenters were great
- “ It was perfect
- “ All speakers were helpful. The experience of UK in all points (detection, monitoring, treatment, post infection monitoring) is better. For us (we have less cases of HIV) all information was useful.
- “ The workshop discussion was very useful

JUSTRI HIV for Obstetricians and Gynaecologists

Radisson Blu Hotel Olümpia Tallinn, Liivalaia 33, 10118 Tallinn, Estonia

9th December 2017

CASE PRESENTATIONS:

- “ Thembi Mayo was very interesting & helpful
- “ Cases let us understand that we can meet HIV in very different situations and we should organise the help in multidisciplinary way.
- “ All speakers I found helpful. Thank you!

AVERAGE

4.9

4. How will this meeting help you in your day-to-day work? (comments only)

- “ I will change my attitude to the mode of delivery when dealing with HIV positive people; on medical staff and self protecting methods.
- “ Help to understand some problems in my work
- “ We do not have a lot of patients with HIV in our country, but this training will help a lot when we will.
- “ It will help to deal with problems associated with HIV and pregnancy. Practical recommendations will help to pay attention to the certain aspects in the management of the patients.
- “ Holistic approach to the problem. In Lithuania we do not have MDT to look after HIV infected woman.
- “ The meeting helped me, what we could do better in our country. This conference gave me more acceptance towards HIV positive people.
- “ It would be desirable to acquire meeting with HIV specialists (infection doctors and OB/Gyn for cooperation)
- “ I have a better understanding of social and psychological issues.
- “ It's good that I could take very conclusive guidelines for treatment that I would use in my practice.
- “ Reminds me how to treat HIV infected women & pregnancy.

5. What is your overall assessment of the meeting?

5 Very effective/Excellent — 1 Not effective/Poor

AVERAGE

4.6

- “ The speakers were very friendly, simple people with huge experience. For us is very good that the meeting was free. The good thing was the groups was relatively small making it better for communicating.
- “ One word... excellent! Thank you!
- “ They helped me to improve.

6. Please give suggestions for how future meetings might meet your training needs *(comments only)*

- “ Maybe it would be a good idea to ask to the course not only Obstetricians but also infectologists so they could communicate and see different points of view for HIV & pregnancy.
- “ More about HIV infection treatment (drugs, action, mechanisms, side effects)
- “ More meetings & open discussions like this, they were perfect.
- “ Maybe more information about issues between midwife & doctor interactions.
- “ Have infectious disease specialist come to our departments to visit.
- “ Discussions were perfect.
- “ Maybe it would be nice to see real work hospitals and how it works in real situations in the UK.
- “ Interdisciplinary team training and discussion
